Known for its great wealth of species, Costa Rica's beautiful flora and fauna awaits you. One third of its area is protected. Lagoons, beaches, coastal landscapes on both the Caribbean and Pacific sides are a must as well as the dense jungle, rainforests and volcanic landscapes. On our visit to several national parks, by bike or on foot, we discover a rich world of exotic birds and butterflies. This bike tour gives a detailed overview of these two neighbouring countries and introduces you to a sea of colours.

The largest lake in Costa Rica is at the foot of the volcano. We go for a hike over the suspension bridges! It is a beautiful walk in the heart of the magical valleys. See gigantic trees, fig-stranglers, mountain bamboo, orchids, ferns, and lianas. In the evening, visit to a thermal bath whose hot springs come from the Arenal volcano. You can go to the spa centre there (about \$40).

After enjoying the beautiful view of the lagoon and Lake Nicaragua, we go to the heart of Granada via small roads and dirt tracks, to reach our hotel. Throughout the day, admire both the blue of the lagoon and the tropical landscape. Granada, is the oldest city in Central America, with its old restored neighbourhoods, palaces, cathedrals, avenues, bistros, and its pastel facades.

After a short 15-minute transfer, we arrive at the foot of Mount Granada, Mombacho. A truck takes us to the crater from which many hiking trails leave into the rainforest. You may see monkeys (you will almost certainly hear them). Granada with its colonial heritage, should not to be missed.

The city is the most important junction leading to the coastal city of San Juan del Sur on the Pacific Ocean. After a transfer to Belen we cycle near Lake Nicaragua through the mountain ranges and pastures. Our destination is our hotel in San Juan del Sur on one of the most beautiful beaches of the Pacific Ocean.

We arrive at the San Jorge pontoon to cross Lake Nicaragua (1 h), the largest inland lake in Latin America. Our relatively easy cycle today takes us to the beaches of Santo Domingo.
